

Guide to Electronic Voting

Election Runner

At the seat of the **WMS ANNUAL CONVENTION**, all voters will receive a **VOTER TICKET** from the **ELECTION COMMITTEE**, this will certify that the ballot is officially **LIVE**.

Please note that each **VOTER TICKET** has a **UNIQUE VOTER ID & KEY** specific to each delegate and is required in order to cast a vote.

■ Christy Davis Jackson	20%	2

Frequently Asked Questions (FAQs)

Q: Why are we transitioning from paper ballots to electronic voting?

A. The church is pivoting towards a more effective model for elections. Much time is spent between successive roll calls, distributing ballots, counting and run-off voting. Reasons for not implementing it have largely been addressed. The 6th District WMS Technology Team has explored the possibilities and tested the software program. It is time to modernize our voting system.

Q. Can I use an app?

A. Yes, the downloadable app, Election Runner, is available for Android and iOS devices. You will be prompted to search for your organization name, **Sixth WMS** , to locate the election.

Q: How do we know that people aren't voting twice?

A. Each delegate is provided with a **UNIQUE TICKET**, specific to them, that is required in order to cast a vote. If you attempt to vote again using another device, you will receive a message that you have already voted.

Q. What if I don't have a device?

A. The Election Committee will provide additional tablets, that will allow a delegate to view the ballot.

Q: Why did we decide to go from not publishing results to publishing results?

A. The electronic vendors unanimously promoted publishing all results in order to have transparency. The results will be displayed in percentages and tallies. The vendors which specifically offer electronic voting for non-profit associations such as the chosen vendor, have designed modules that not only publish results, but also offer other tools such as fraud analysis which tally how many votes are used on one computer.

Q: What if there is an internet connectivity problem?

A. The Elections Committee doesn't anticipate this being a problem; however, printed ballots will be brought to the election. The printed ballots will be used by all or none because of the issue of privacy.

Q: How long will the vote be open?

A. There will be a designated open and close time communicated on the day of the **WMS CONVENTION**, which will be established by the **EPISCOPAL SUPERVISOR AND/OR EPISCOPAL WMS PRESIDENT**. The Elections Committee will be assisting anyone experiencing difficulties completing their ballot. In the event of a runoff, we will again follow the same procedure.

Q: I don't want anyone to know how I voted, so will they?

A. The Elections Committee will know if you voted but not HOW you voted.

Q: What happens in the event of a runoff?

A. A runoff will be handled in the same manner as the first ballot.
